**CONSTRUCTION LOANS**

**RESIDENTIAL RENTAL UNITS**

**COMMERCIAL REAL ESTATE**

Northview Bank works with people in making their biggest purchases a possibility. We help them finance a home that's just right for them. Whether buying a home that will give them more room or one that will help them simplify their lives, Northview Bank can help buyers take the best steps forward.

## **FLEXIBILITY AND FINANCING**

Northview Bank has financing solutions that make purchasing possible for families. Our loan officers offer a unique combination of industry expertise and personal attention, offering the best solutions that are catered to our customers' unique circumstances. This means that we find ways to work with each customer personally, considering their situation before finding their path forward.

Our financing experts understand what programs and options are available (such as FHA, VA, and USDA loans, double wide manufactured housing, and first-time homebuyers), and they are committed to finding a financing solution for the customer.

Many of our mortgage products are underwritten in-house. We provide quick turn times and the flexibility to get transactions closed with the products and service only a hometown bank can provide. Also, with in-house underwriting and program flexibility, Northview Bank is able to close more loans, providing homebuyers and their realtors an easy, convenient purchasing process.

## **LOCAL FINANCING. LOCAL BANKERS. LOCAL COMMUNITIES**

At Northview Bank, we do what's most important: take care of people. We help customers find the best options when they need a mortgage, with expertise they depend on and opportunities they dream of.

The loan officers at each of our locations are committed to doing what Northview Bank has been doing for over 100 years: Building our local communities by helping people realize their dreams.
